## Student

### Profile

Computer Science Undergraduate (2nd Year) | Aspiring Machine Learning Engineer

Driven and curious B.Tech CSE student with a strong foundation in programming, data structures, and mathematics. Passionate about building intelligent systems and solving real-world problems using data-driven approaches. Actively exploring machine learning algorithms, deep learning concepts, and practical projects. Eager to collaborate, learn, and contribute to impactful tech innovations.

### Work Experience

Project: Resume Builder Web App

Personal Project • Ongoing

Created a dynamic resume builder using HTML, CSS, JavaScript, and local storage.

Integrated live preview, custom template support, and PDF export functionality.

Designed for usability, with a modern two-column resume layout and mobile responsiveness.

### Education
